**We hope that many AMDC members and friends will be able to attend the show, and we can use assistance with our Club Booth. We will have flyers and further information at the club meeting.**

## **March Meeting**

Do you have a special area of interest? This month we will divide into SIG's – Special Interest Groups according to areas we are most interested in: Coin Shooting, Relic Hunting, Water Hunting and Research. We'll spend some time discussing topics and tips in the groups.

We will have our "Find of the Month" competition featuring items found since the February meeting. Susie Mireles will again be taking pictures of members for our booth at the show (more info. below). Blaine Nelson is bringing snacks.

## **February Meeting:**

We had a wonderful guest speaker at the February meeting. Steven Hoyt of the Texas Historical Commission presented a fascinating program on "Under Water Archeology". Mr. Hoyt's work specializes in locating and studying Texas ship wrecks. We were surprised to learn that there are over 1900 ships lost in the Texas area – between the rivers and off the coast! Thanks much to John Chapman for arranging this excellent program.

## **February Club Hunt:**

Jim Lawhon obtained permission for the club to hunt on the large Texas Parks and Wildlife field where the Expo is held. This was a "member only" hunt, and we had several members come out on both Saturday and Sunday – Feb. 14 and 15 to try detecting. Although we did not find much in the main part of the field, there is an old home site on the property. Some of the finds included Indian Head pennies, old store tokens, old wheat pennies, period bottles, buckles etc. Thanks to Jim for making the arrangements for this hunt!

## **Executive Meeting**

**Note: We agreed to have the APRIL Board meeting at Bill Miller's Bar-B-Q – 8700 E. Hwy 290.** The next meeting will be Thursday, April 2<sup>nd</sup> at 6:00. All are welcome. Items discussed at March. meeting include:

## **Programs**

Scott has a speaker for April or May who does long range detecting.

## **Hunts**

We discussed having a club outing and hunt at Lady Bird Johnson Park in Fredericksburg. This can be a full day event with a picnic or pot luck. The park is quite large and there are targets to be found. Decision on date forthcoming

## **Interest Groups**

We break up into interest groups at the March meeting to discuss detecting tips. We will have "Coin Hunting", "Relic Hunting" "Water Hunting" and "Research/Permission". An experienced member will facilitate each group.

## **Member Tips**

Beginning in March the Newsletter will feature tips submitted by members. Please be thinking of tips you would like to share and let Blaine know to include yours in the Member Tip section.

## **TCTC Show**

Daniel and Susie Mireles, and Leon and Mary Prause are taking charge of our AMDC booth for the upcoming Treasure Show March 21-22 in Longview. The focus of our booth will be on our MEMBERS. Susie will be taking pictures of club members at both the February and the March meetings. If you had your

picture taken last year, you can keep that one or have another taken to replace it.

We hope that many of you will be able to come up to the Show this year and help with our booth. We need persons to come early (Friday) to help set things up, work the booth during the show, and help take things down on Sunday. Our club will cover the entry fee for any of our current members who attend the show.

### **Crystal Hunting Trip**

There is interest in the club taking a trip to Ron Coleman Crystal Mines outside of Hot Springs, Ark. We will discuss at the meeting to determine who might like to go, and look at possible dates.

### **AMDC Website**

**Remember to check our web site often to see what's there!** Everyone is encouraged to go to the Forum and participate, as this generates interest, good PR and even info./potential sites for the club. Our web site is: <http://www.amdconline.com> You can register for the Forum, or to get a password for the "Member Only" section, jot Cecil (webmaster) an email and he will get you a temporary password. You can then set your own user name and password to get in. **Word of caution** – If you post items or reply to a posting, be sure that you send accurate information – especially when replying to questions from the public.

### **Upcoming Events:**

**March 20-22, 2009** – Texas Council of Treasure Clubs Annual Show – Longview, TX.

**May 23-24** – WWATS Mini-Hunts – K-River Campground, Antlers, Oklahoma

### **Member Tips for March**

- **Recycle Your Batteries (submitted by Jan Hallez)**

Batteries are hazardous to the environment. Rather than just throwing your spent batteries in the trash, there are a number of places that accept them and will dispose of them for you:

**Batteries Plus** locations in Austin - 7915 Burnet Road, 2300 S. Lamar and 12129 FN 620 N.  
**Staples Office Stores**

- **Move Cans and Trash (submitted by Blaine Nelson)**

This might be a no-brainer, but when you are detecting an area and find a lot of trash – aluminum cans etc., take the time to move it and pile it up to carry to a receptacle. In addition to helping leave a site cleaner than you found it – there are often good targets right under the trash! Not too long ago I picked up some cans and found coins and a silver ring underneath the pile.
