### A Word from our President:

We're on the verge of making it through 2020! And what a year it has been. As a club, we have learned how to stay connected through Zoom meetings. Some of our members have participated safely in other metal detecting club hunts around the state. Our Search Team has safely continued to find lost items for people who have contacted us through our web page. Of course, we have all been disappointed by having to cancel our in-person monthly meetings, our Veteran's Day hunt, and we all miss not being able to get together in person to enjoy each other's camaraderie and recent finds. Many of us have had to cancel or postpone metal detecting trips that we had planned to make in 2020. However, we also have a lot to look forward to in 2021. My hope is that with the new COVID-19 vaccines that are on the horizon, we will soon be able to resume our normal activities safely, and maybe catch up on some of the things we missed in 2020! Please stay safe, healthy and enjoy the holiday season!

Jim Clary

## **AMDC ZOOM Meeting!**

Thursday December 10<sup>th</sup> (our regular meeting night), we will host a Zoom meeting at 6:30 p.m. for all current paid club members. Members will receive an email with the link to click on sometime prior to the meeting. If you have never used Zoom, it is easy and a great way to connect.

Officers were elected at our November meeting. For a list of officers see the top of the page We will all have a chance to "Show and Tell" items you have found at any time in your career at a metal detectorist. Do plan to click on the Zoom link to join in on Thursday!

If you are not a current member and would like to join, please fill out an application which is on our website at [amdconline.com](http://amdconline.com), and send dues to Scott Hegel, 139 Fairwood Dr., Georgetown, TX 78628. Your dues will be good for the rest of this year and for 2021.

## **Board Meeting Summary**

The Board met via Zoom on Thursday; December 3<sup>rd</sup> Highlights include:

Face Book - Charlene has agreed to let us post her metal detecting videos to our FB page.

Susie is our FB administrator with Mary as back up. Susie will make the decision on what to post, add, etc., if she has a question, she will consult the Board.

There will no sales ads on our FB page, business ads such as Vickers Metal Detectors will be ok if there are no prices, percent off type statements.

**TAMDC HUNT** - Saturday, 11/14/20 at Lodwick, TX an update was given by Scott.

Treasure show – no new info was available currently

Ed is still looking for a place to have a club hunt. There were so many folks with suggestions like Fort Knox, City Bank, and the Capitol building. LOL if you can help Ed find a place for the Club to hunt please let him know. For history purposes Jolly James did get permission to metal detect on the Capitol grounds, as best as I can remember, he was told he could use his metal detector but could not dig or pickup anything that had any value including coins. Jolly chose to use his metal detector other places.

## **Lost and Found Efforts**

### **Search Team - Results for November**

#1 Lost wedding ring while raking leaves Mitch found it in a bag of leaves

#2 Lost engagement ring, 3 members searched without finding it

#3 Lost stud earring in 1 or 2 parking lots Scott searched without finding it.

The following is for your entertainment.

This is the time of year for miracles! There was a family that lived up north where it got very cold in the winter and things could freeze over in seconds. The father was Henry, the mother was Sara, and the 2-year-old boy was David. Their live was an uneventful one until one day just before Christmas and David was playing outside a short way from the house. His father was at work and his mother was doing chores around the house. Suddenly Sara notice a blizzard coming and was nearly upon them, but before she could call out to David the blizzard hit and the snow was blinding, and David could no longer be seen. After the blizzard let up Sara looked for David and call her husband to help. Henry hurried home and they searched and searched for David, but he was nowhere to be found. Their search went on for days with no luck finding their son, David. After months when Spring arrived, Sara was outside attending to chores and she look toward the road where she had last seen David. To her surprise she saw a little boy and a bear cub playing and tumbling in the leftover snow. She notices a mother bear watching them from trees a short distance away. Without thinking she called out David's name and the little boy turned around and saw his mother and came running to her with the bear cub following close behind. Sara embraced her son while crying. David said mom this is my brother pointing to the bear cub. Sara saw the mother bear watching and approaching the cub. One growl from the mother bear and the cub went running to his mother. The next day David went out and asked to play with his brother (the bear cub). At first Sara was not sure it was a good idea. But David insisted and she gave in a most mothers do and watch as her son ran towards the bear cub and the cub ran to him. But Sara could see the mother bear watching from a safe distance away. After playing and tumbling around for awhile David came back to the house and the cub disappeared into the trees. Then every day after that David and the bear cub would run and play. Henry and Sara got accustomed to their son playing with the bear cub. It became the norm to them, and David always called the cub his brother. Several months later as Henry, Sara and David were driving into town they saw the bear cub beside the road crying, They stopped to see what was wrong and noticed the mother bear laying dead a short distance from the road. Henry and Sara thought of all the times they saw David and the bear cub play and knew they had to take the bear cub to the vet in town. The bear cub jumped into the back seat with David and seemed to be at home there. The rest of way to town David talked and played with the bear cub. As they approached the city limits, they heard a strange voice coming from the back seat. Sara turned to see what was happening and screamed at what she saw. It was another boy in the back seat. Henry slammed on the brakes when Sara screamed and brought the car to a safe stop and turned and saw the two boys playing and talking. The bear cub was nowhere to be found and David told his parent that the cub had turned into a real brother as he had asked. Sara and Henry were unable to have more children and they were incredibly happy about now having two sons and named the new son Cubby. This all happened on Christmas eve.

Merry Christmas and a Happy and Prosperous New Year.
