### September 2007

#### **Meeting Information:**

Austin Metal Detecting Club meets at Woodlawn Baptist Church 4600 Manchaca at **7:00** on the second Thursday of each month. We meet in Room M – 103/104 on the first floor to the left when you come in the main entrance. Our meeting this month is **Sept 13<sup>th</sup>** 2007. Visitors are always welcome.

**September Program** – Mr. Earl Theiss from the Llano Chapter of the GPAA will be our guest speaker. Earl will share information about GPAA, the Llano Chapter and tell us more about plans for the GPAA event Sept. 28-30. Plan to come out to hear Earl's presentation.

**October Program** – Looking ahead – Mr. Chandler Nelson (Blaine's Dad) will present a program on Digital Photography for our meeting Oct. 11.

#### **Find of the Month:**

At each meeting, finds are displayed by category. Members earn points for entering finds and more points for winning in a category. The rules and entry form are available at each regular meeting. Remember, items found since the last meeting until the upcoming meeting may be entered in the **SEPTEMBER** Find of the Month contest. You may still show your finds even if you do not wish to compete in the Find of the Month.

#### **Executive Meeting:**

Our executive meeting will be on **October 4th** at Luby's, 1410 E. Anderson Ln. The meeting starts at 6:30. Executive meetings are held on the **first Thursday** of each month and all are invited.

### **AMDC Website:**

Be sure and check out our club website often - <http://www.amdconline.com> Check out the Forum link that is fantastic and allows club members to post items of interest and look at club activities, tips etc. If you need to register for the Forum, or "Member Only" section, jot Cecil (webmaster) an email and he will get you a temporary password. You can then set your own user name and password to get in. **Word of caution** – there is a section on the forum that is open to anyone interested. If you choose to post or reply in this section, be sure that you send accurate information – especially when replying to questions from the public.

### **August Meeting:**

At the August meeting Jim Lawhon led us in a "hands on" activity to look at performance of our detectors. We looked at discrimination, target types and the signals, depth etc. It was very interesting and we all learned something new.

### **New Members:**

There were no new members who joined the club in August.

### **September Executive Meeting:**

- **GPAA Event** – We discussed our club's participation in the Llano area GPAA event upcoming the weekend of Sept. 28-30. We decided to host two metal detecting hunts – one on Saturday and one on Sunday, and discussed the logistical details. Our club will have a booth and will provide metal detecting demonstrations for the public during the weekend. We are still in need of coins and other items (jewelry, foreign coins, tokens etc.) to bury for the hunt. A jar will be available at the meeting to collect donations of items and coins for the hunt. Below is a link to this GPAA event:  
<http://llanochamber.com/rendezvous.html>
- **Club Member Involvement** – Last month we put out sign up sheets for members to sign up to serve the club in different capacities. Our goal is to promote everyone's involvement in club activities, and members will be asked to consider how they can serve our club. Please take advantage of the opportunity and sign up for areas of interest in, i.e. serving as an officer, a board member, helping with a program, locating a site for a club hunt, etc.
- **AMDC By-Laws** – We have not reviewed our club by-laws in a number of years and will plan to take a look at them in the near future to determine if revision is needed. In the meantime, anyone who would like to review and comment is welcome to do so. Contact Blaine if you would like a copy of the current By-Laws.

### **Upcoming Events:**

**Sept 29-30** – GPAA Llano Chapter Gold Event – Llano

**October 6** - Cow Town Club Competition Hunt – Fort Worth

**October 20** - Lone Star Club Competition Hunt – Glenn Heights (Dallas area)

**October 28** - H.A.R.C. (Houston Club) Competition Hunt – New Caney

**November 10** – TCTC Satellite Hunt - Canton

## **Our Thoughts are with Members:**

Please continue to keep **Mike Holmes** in your thoughts and prayers.

## **Do You Know Your Wheaties?**

The Lincoln wheat ears cent was produced from 1909 to 1958. The coin was designed by Victor D. Brenner, a New York sculptor, to commemorate the 100th anniversary of Lincoln's birth. The designer's initials (V.D.B.) appear on the reverse of a limited number of the 1909 cents. Due to public outcry the initials were removed, but were later restored in 1918 to the obverse side on Lincoln's shoulder.

Only 484,000 of the 1909S VDB cents were produced by the San Francisco Mint and are thus quite valuable. Even lower grade quality cents are worth hundreds of dollars, and better condition examples are could be worth \$6,000 - \$12,000. By contrast, the Philadelphia mint issued 28 million 1910 VDB cents, so they are less valuable.

Another key date for wheaties is 1914-D, with a low mintage of under 1.2 million.

The Lincoln cent was the first cent to include the motto "In God We Trust".

All of the Lincoln wheat cents were made of 95% copper, with the exception of the 1943 popular "steel wheat" pennies minted during World War II. These cents were 100% steel plated with zinc and were produced to conserve copper during the war effort.

**Gotta love those Wheaties!!**

**Find of the Month – Rank August**
