Larry's Ramblings:

Hope everyone enjoyed the TCTC Show!

I know I did and sure enjoyed seeing all long time acquaintances and making some new ones.

Since then I have had my hip replaced and it slowed me down a lot. Guess it gives others like Dave and Shark Lady a chance to whoop me in the up coming competitions hunts.

Recovery is going good.

Daniel and Susie did a great job on our booth for the TCTC Show. Don't miss a chance to let them know how much you appreciate them taking the lead. They did a great job on it.

Remember it could have been you if they hadn't volunteered.

Never leave on a detecting trip without being prepared.

April Meeting

Blaine Nelson presented a program on Pin Type North American Glass Insulators, and discussed the history, types, collectable values and resource materials. She brought several from her collection to show and tell.
