A Word From Our President:

Wow, we have had some violent weather lately. Hopefully everyone is OK after all the storms. Our June speaker from the National Weather Service should be very interesting. Talk about a timely topic for a program!

We have a couple of activities in June. The first is the annual Lion's Club camp in Kerrville, June 17 & 18. and our club social in Llano. It will be on June 27, and should be a lot of fun. Look for more information about both of these further in this newsletter.

Keep bringing all those good finds to the meetings, and remember to stay hydrated when you are out hunting!

June Meeting

This month's program will feature a speaker from the NOAA (National Oceanic and Atmospheric Administration). Those of you who have heard presentations from NOAA before know that their presentations are excellent and informative. In light of our recent area floods, this topic is timely and pertinent. Please plan to attend.

We will have our Find of the Month competition featuring items found since the May meeting. We have had a fascinating display of items that members have been finding, so keep up the good work!

AMDC is on Face Book! Be sure and check out and "Like" the Group

Executive Meeting

Our meetings are the first Thursdays in Feb., March, May, August, October and November, at 6:00. We will meet at the Bill Miller's at 709 E. Ben White (right at I-35). All are welcome at any Board meetings. We usually come early to visit and grab a bite; the meeting begins at 6:00.

Lost and Found Efforts

Since the last report Paul Krugler went out to search for a lost wedding ring, and was able to find it for the happy owner. Way to go Paul!

There have been two requests to search for lost items in the aftermath of the floods in Wimberley. One request came through our AMDC Face Book page, to search for jewelry inside the damaged home. Blaine went out the next day and was able to find many coins and some jewelry.

A second request came in through the "Lost My Stuff" site – (a site in which volunteers sign up if they are willing to go out on searches free of charge.), Blaine went out on this also, living in Wimberley, and recovered approximately 30 pieces of jewelry.

Additionally, Blaine and Dennis searched for two days, thru the muck with pin pointers in another home. This search was for a friend of Blaine's and she and Dennis offered to come look for valuables. Dennis located a necklace, and both found 7-8 knives from the husband's knife collection. Other items, i.e. baby silver spoon and fork, bronze shoes etc. were retrieved from the muck.
